

# "EVERYWOMAN" AT THE LEXINGTON OPERA HOUSE

One of the distinguished characteristics of a dramatic spectacle, "Everywoman," which Henry W. Savage will offer at the Lexington Opera House, Tuesday and Tuesday matinee is the huge size. There are two complete carloads of scenery and electrical effects. The fourth act alone is larger than the majority of large attractions. It is the act in which is represented the fanfare and riot of New Year's Eve on Broadway, New York. Those who have witnessed it are amazed at the faithfulness of the picture. It was painted by Walter Burbridge who visited Broadway at the time described and made pen-pictures of the astonishing scenes just after the theaters have released their patrons and the hilarity has set in. There is, perhaps, in actual life, no other situation so difficult to reproduce. Seats now selling.

Several from Paris attended the performance last night, and came away delighted with the superb production. A large crowd will go over to-day for the matinee performance. (adv)

## BOWLING LEAGUE CONTESTS COME TO CLOSE—CURTIS HENRY TEAM CHAMPIONS.

With the game between the R. P. Walsh and Bourbon Laundry teams at the Fordham Alleys, Thursday night, the series of games between members of the Paris Bowling League, which has been in progress since December 26, came to a close, Curtis Henry team winning the championship.

The final game was a corker, from the viewpoint of the victors, the Laundry team, winning by the skin-of-their-teeth margin of three pins. The Walsh team battled manfully, but the Laundry team was too much for them and they went down in defeat. Jackson, for the winners, made the highest individual score, bowling 188 in the third game. For the losing team, Duncan bowled 172 for first place, in the third game, followed for second honors by Douglas, who put over just one less pin, making his score 171. For the Laundry team Funk came second with 174.

At the conclusion of the games the losers tendered the winners a luncheon, in which good cheer and fellowship mingled with the viands and other things. Toasts were proposed and responded to, and the affair partook of the nature of a social reception. All the members of the various teams were present and joined in the festivities. One of the features of the social hour was the attempt of the losing Walsh team to put Bernard Santen, official scorer and statistician of the League "in the cellar," an unsuccessful but nevertheless amusing stunt.

There being some slight difference of opinion regarding the closeness of the score the winners proposed that the game be called a tie, and that an extra game, to be determined by the pin totals, be played. This resulted as follows: R. P. Walsh Team—Hill 137; Kenton, 145; Bridges, 164; Douglas, 126; Duncan, 159; total, 731. Bourbon Laundry Team—Santen, 141; Burgin, 123; Neal, 120; Jackson, 156; Funk, 118; total, 658. Walsh majority 73.

A game is being arranged for tonight to be played at the Fordham Alleys between the Curtis Henry team, the pennant winners and a picked team of the best bowlers representing the other teams of the League. This will be one of the most interesting events of the week among the bowling fraternity.

The following is the score of the closing game:

## HOUSE PASSES THE OLIVER TAX LAW.

At Frankfort, Friday, the House, after a preliminary session between Representative Frank C. Greens and Harvey Myers, the latter being in the chair in an appeal, passed the Oliver Bill, creating the State Tax Commission by a vote of 67 to 26. The bill will now go to the Senate and after being reported to that body, will be ready for consideration in the upper house by the middle of this week. Immediately before the passage of the bill the Roach substitute was defeated by a vote of 28 to 66. The only amendments added to the bill were to make the per diem of the Board of County Tax Supervisors \$5 and reducing the fee of County Clerks in certifying tax receipts from five to two cents.

The Oliver Bill as passed by the House creates a State Tax Commission to be composed of the State Auditor and a Republican commissioner and a Democratic commissioner to be appointed by the Governor. An appropriation of \$15,000 is provided annually for the maintenance of the Commission and its subordinates. The salary of the Auditor is increased \$600 annually, the commissioners will receive \$3,600 annually and the Secretary a salary of \$2,000.

The bill carries an emergency clause and becomes effective as soon as it is passed by the Senate and signed by the Governor.

The House defeated the effort of Representative Vance to attach to the Oliver Bill a referendum clause to refer it to the people for ratification. The amendment of Representative McMurray giving the taxpayers the right of appeal to the Quarterly Court from increases of assessments made by the County Board of Tax Supervisors instead of to the State Tax Commission, was adopted by the House.

## NEW MAIL SERVICE.

The new mail schedule on the Louisville & Nashville, between Maysville and Lexington and Paris, Millersburg and Carlisle, went into effect yesterday. The mail from Maysville, Carlisle and Millersburg will now be brought on the 5:00 p. m. train in stead of 2:18 p. m., under the present system. The 12:05 train from Paris will carry mail to Millersburg, Carlisle and Maysville, instead of the one at 7:48 a. m. The change will be beneficial in many respects.

The remains were taken to Lexington, where funeral services were held at the grave in the Lexington Cemetery, conducted by Rev. I. J. Spencer.

### WALLINGFORD.

—Death last Thursday removed one of the oldest citizens of Maysville, when Mr. Buckner Ashby Wallingford, eighty-two, retired tobacco merchant, was summoned. He was born near Maysville, where he had lived practically all his life, with the exception of a few years, when he was in business in Cincinnati. He retired many years ago, due to failing health.

He is survived by his son, Buckner Wallingford, Jr., a member of the firm of Walter Wallingford & Co., iron merchants, with offices in the Traction Building, in Cincinnati; Mrs. David Anderson, and five grandchildren.

The funeral was held from the home of his sister, Mrs. Kate Wallingford, on East Third street, Saturday afternoon, at 2:30 o'clock, with services conducted by Rev. J. H. Fielding, rector of the Church of the Nativity. Followed burial in the Maysville Cemetery.

Sullivan, aged fifty-three, for thirty-three years in the employ of the Louisville & Nashville road at Lexington, died at St. Joseph's Hospital, in Lexington, after an illness of eight weeks. Mr. Sullivan was a brother of Mr. Jerre Sullivan, of Lexington, formerly of Centerville, this county, who, in an effort to prolong his brother's life, submitted to two operations for the transfusion of blood into his veins. ### HUKILL.

Death came suddenly and without warning yesterday afternoon to Mr. William Hukill, Sr., aged eighty-five, one of the best-known residents of Paris. Mr. Hukill had not been on the streets for some time, and seemed to be in his usual good health yesterday. He had for months been in the habit of sitting in a chair near the front window which overlooks the court house and the streets. Yesterday afternoon a little before two o'clock Mrs. Hukill came to him as he was sitting in his chair, with a remark that she had just received a letter from their daughter, Mrs. M. H. Davis, of Mayslick, and would read it to him. As she started to open the letter Mr. Hukill dropped over dead.

Mr. Hukill was a native of Paris, where he had spent the most of his long life. He was for many years in the merchant tailoring business, and was a man of quiet tastes and habits, and a man whom everyone liked and respected.

The funeral services will be held at the family residence, on Broadway, at 2 p. m. to-morrow (Wednesday) and will be conducted by Rev. W. O. Sadler, of the Methodist Church. Burial will take place in the Paris Cemetery.

## BREEZY LETTER FROM THE BREEZY WEST.

THE NEWS is in receipt of a breezy letter from a former resident of Bourbon county, in which she pays a very handsome compliment to THE NEWS, as all well-regulated people do who appreciate a really good home paper. We tip our hat to the writer. The letter follows:

"Paris, Montana, March 10, 1917. Editor THE NEWS:

I am taking the present opportunity of writing regarding your newsy paper, which is a frequent and welcome guest at our Western home. You are to be congratulated upon publishing such an interesting and helpful paper, which is a credit to the place where it is published, and to all who are concerned in the work necessary to get it up.

"I was born near North Middletown, Bourbon county, and lived there until nineteen years of age, when my father decided to come West about three years ago.

"I see that Paris and Bourbon county have been visited lately by heavy rainstorms. Out here a good old-fashioned rainstorm would be highly appreciated for the reason that it would cause this twelve-inch-on-the-level snow to diminish. This has been a winter that will not soon be forgotten. Ranchers who have been here for thirty years say they have never had such a winter in Montana. Stock all over the country is dying from cold and lack of proper feed, which has been scarce and hard to get. The mercury frequently registered 52 degrees below zero. The scarcity of feed for stock throughout the State has caused great alarm among the stockmen.

"Farm products are soaring in price, potatoes, \$2.25 to \$2.50 per cwt. beans, 15 cents per pound; and all foodstuffs in proportion. We are located at a distance of sixty-two miles from a depot, but the Northern Pacific road is planning to put a road through here in the early fall, providing the country has not by that time been plunged in war, or there is no prospect of another strike on the railroads. We will derive great benefit from this extension of the Northern Pacific, as it will enhance the value of our lands, as well as affording us relief from the isolation we are now under.

"Since the enactment of the 640-acre homestead law, most of us have been enabled to secure the additional 320 acres, making a nice arm of 640 acres. Montana is surely coming to the front, and will soon surpass some of the

Western States. Statistics show that Montana has more school buildings, churches and other improvements constructed and projected than any other State in the Union. We also boast of having a very healthful climate, free from typhoid germs, tuberculosis, etc. The land here is very productive, and we have raised some very fine crops of wheat, flax, all kinds of garden stuff, with the exception of tomatoes, for which the season isn't long enough. "We have a great supply of coal, for which no money has to be paid out, all one has to do is to go out and mine it. The government reserves all the water and coal rights. When we first came out West we were greatly disgusted and displeased with the country, as there seemed nothing to break the monotony, but soon small towns and postoffices sprang up in our immediate vicinity. I put in an application for a postoffice, and now have an office of my own. We also have a store, and all good homesteads, and last, but not least, good health.
